

10th European Conference on Ecological Restoration: Best Practice in Restoration - Session schedule at a glance (as of 11.08.2016)																												
	H14	H15	H16	S1	S3	H14	H15	H16	S1	S3																		
8:00	Registration (Foyer)					Registration (Foyer)					8:00																	
8:15						Keynote: K. Prach (8:15-8:50) "Passive restoration: Why - or why not - let nature do the work instead of us"					8:15	Keynote: B. Wilsey (8:15-8:50) "Ecology of novel and native grassland ecosystems: Implications for restoration"																
8:30	Opening ceremony (8:30-9:15)										8:30																	
8:45											8:45																	
9:00											9:00																	
9:15	Keynote: Rob Marrs (9:15-9:50) "Managing soil fertility for ecological restoration"					Methoden und Fallbeispiele Renaturierung (Best Practice, Germany, translated) Chairs: K. Kiehl, S. Tischew		An Overview of Ecological Restoration in Europe Chair: J. Cortina		Conservation importance of Early Successional Stages in Restoration of Human-Made Sites	Ecological Restoration in Urban Areas Chairs: V. Klaus, R. Schröder	Soil Restoration Using Organic Amendments Chairs: D. Page-Dumroese, V. Bruckman		Large-scale Grassland Restoration in Europe: Practice and Prospects	Unassisted Restoration: Progress and Pitfalls Chair: A. Fischer	Friday Course Briefing	Outreach to future members and affiliates (Cortina)	Filling the SER Knowledge Database										
9:30											9:30																	
9:45											9:45																	
10:00	Coffee break					Coffee break					10:00	Coffee break																
10:15											10:15																	
10:30	Fire in Ecosystem Dynamics and Restoration Chairs: O. Valkó, B. Tóthmérész	Forest and Woodland Restoration and Conversion Chair: M. Weber	River Restoration from Theory to Practice Chairs: J. Pander, J. Geist	Restoration of Peatlands for Climate Change Mitigation and Adaptation Chairs: M. Drösler, A. Freibauer	Monitoring Restoration Chair: J. Kollmann	Methoden und Fallbeispiele Renaturierung (cont.)	An Overview of Ecological Restoration in Europe (cont.)	(cont.) Chairs: K. Rehouková, R. Tropek	(cont.)	Floodplain Restoration in Modified Landscapes (cont.) Chair: B. Stammel	Green-Blue Infrastructure Chair: A. Syrakaya	Soil Seed Banks and Seed Dispersal: Promising Sources for Restoration O. Valkó, P. Török	Wise Use of Plants Chair: J. Kollmann	Facilitating Restoration Chairs: S. Kuusela, S. Kareksela	Filling the SER Knowledge Database													
10:45																												
11:00																												
11:15																												
11:30																												
11:45																												
12:00											12:00	Tuning Up Grassland Restoration																
12:15											12:15																	
12:30											12:30																	
12:45											12:45																	
13:00	Lunch break					Lunch break					13:00	Lunch break																
13:15											13:15																	
13:30											13:30																	
13:45	Grazing as a Best Practice Restoration Tool Chairs: Sabine Tischew, Norbert Hölzel, Péter Török	Forest and Woodland Restoration (cont.) Restoring Multifunctional Ecosystems and Landscapes	River Restoration (cont.)	Towards Enhancing Ecosystem Resilience in Fens Chairs: K. Hassel, A. Klimkowska, W. Kotowski	Remote Sensing in Conservation Monitoring Chairs: B. Deák, H. Heilmeyer	Methoden und Fallbeispiele Renaturierung (cont.)	Making Restoration Economically Sustainable Chairs: T. Knoke, N. Hanley	(cont.) Chairs: D. Gosse, M. Séleck	Restoring Biodiversity on Arable Land Chair: H. Albrecht	Workshop: Herausforderung der Fließgewässerrenaturierung (German) Chair: W. Adelmann	Conference declaration prep: Europe 15%, Germany 15%	Filling the SER Knowledge Database																
14:00																												
14:15																												
14:30																												
14:45																												
15:00											15:00																	
15:15											15:15																	
15:30											15:30																	
15:45											15:45																	
16:00	Keynote: A. Tolvanen (16:00-16:35) "New approaches to reconsolidate ecological restoration within the multiple land-use scheme"					Keynote: N. Hanley (16:00-16:35) "Economic benefits and incentives for habitat restoration"					16:00	Keynote: J. Memmott (16:00-16:35) "The restoration of ecological interaction"																
16:15											16:15																	
16:30											16:30																	
16:45	Grazing as a Best Practice Restoration Tool (cont.)	(cont.) Chairs: T. Knoke, A. Rammig	Floodplain Restoration in Modified Landscapes Chairs: B. Stammel, K. Kiehl (cont. on 23rd)	Workshop: Ecological restoration for disaster risk reduction Chairs: G. Halldorsson, C. Nilsson	Workshop: Restoration principles in landscape architecture Chair: Ann Kearsley	Methoden und Fallbeispiele Renaturierung (cont.)	Workshop: Restoration in Europe – a bigger picture Chairs: K. Civic, I. Dickie, R. van Diggelen	Workshop: LBV (NGO) and extraction industry as partners Chairs: M. Sitkewitz, B. Raab, B. Barov	Workshop: Sand habitats and LIFE @ SER2016 Chair: H. Rößling	Workshop: Ecological aesthetics in landscape (restoration) design? Chair: U. Weilacher	Mid-conference excursions commented slideshows	Commemorating SER2016 Action! Painting (with I. Kapps)																
17:00																												
17:15																												
17:30																												
17:45																												
18:00											18:00	Closing ceremony (Conference stats, Poster awards, Upcoming events) J. Kollmann, SERE President Cortina, SERI CEO Walker, SER2018 Organisers																
18:15											18:15																	
18:30											18:30																	
18:45											18:45																	
19:00	Ice breaker and Poster Session					Poster Session with guided tours					19:00																	
19:15											19:15																	
19:30	Outreach to future members and affiliates (Cortina)										19:30																	
19:45											19:45
